This declaration is provided based on a review of the Chemical Abstracts Service Number (CAS#) on Material Safety Data Sheets of raw materials used in our product against the CAS numbers for specified lists of restricted chemical substances. Many chemical substances are ubiquitous and naturally occurring. Thus, this declaration does not relieve the recipient from carrying out its own investigations and ensuring any proprietary rights and applicable laws are observed. The information provided is based on the status of regulations on the date of issue and expires after 12 months or in case of regulatory changes. The declaration is exclusively for our customers and respective competent authorities and will only assume the liability which is previously set forth in any existing agreement(s) by and between recipient and Gates and/or that which is consistent with applicable laws governing the subject matter thereof. It is not intended for publication either in printed or electronic form (e.g. via Internet) by others. Thus, neither partial nor full publication is allowed without written permission.
